HOLIDAY BUOY TREE

BACK ONSTAGE!

END OF YEAR APPEAL

BACK HOME ON OUR STAGE!

We planned long and hard, making some difficult decisions in order to reopen our doors safely for everyone who felt comfortable joining us back inside the MAC... But we did it! Reduced seating means there is more space for everyone, masks on (at least while moving about the building), and all of our committee members, volunteers and staff are fully vaccinated!

HOLIDAY BUOY TREE

A first for Milford, and we hope a new yearly tradition in partnership with our small city with a big heart! Over 150 buoys were painted and decorated by artists and businesses to grace a 15' tree of 125 donated lobster traps!

BACK ONSTAGE!

After being shuttered for 18 months, we presented three sold out shows on our stage! See the highlights from our Gypsy Swing Jazz Brunch, Nite Spot Night with the Moipei Triplets, and LIVE concert with Empire Wild!

END OF YEAR APPEAL

Gift of investment for the future for the arts, means so much to us, as it says you believe in what we do, and stand beside us in saying the arts are essential - AND you want us to continue to grow and do even more!

Highlights from the stage!

HOLIDAY BUOY TREE

Join us on December 12th
from 4-5:30PM

for a unique and magical event
never before seen in Milford.

The lighting of a 15'X19' tree
made of 125 lobster traps covered
in 200 hand-decorated buoys.
Displayed at Lisman Landing
through New Years Day!

Event includes:
the Honorable Mayor, Ben Blake
Art Stowe, Milford Historian
Milford's Poet Laureate, Joan Glass
and Caroling with Emily Mager

YEAR END *Appeal*

Thank you to all of our donors, sponsors and members. The MAC could not have survived without your generosity over the past 18 months. No matter what size gift you may have made, know that it has made a difference. Not only to our organization but to everyone who benefits by our service, oversight, and amenities. The hundreds of artists, musicians, actors, writers, directors, dancers, students that have graced our stage, filled our walls, or shared our Zoom room thank you. They depend on our being here to express their passion and craft.

Our home is their home, too.

So here we are at the end of 2021. The MAC turns 50 in 2022, so we have big plans! However, those plans include being here with the lights on and we have a very important appeal to you to get us where we need to be. Our Stage Lights fuse board has reached the end of its service to our organization and it will take about \$6000 to replace it. We hope we can count on your generosity for this very specific need.
